Maía Light Safety Instructions

IMPORTANT SAFETY INSTRUCTIONS. READ CAREFULLY FOR YOUR PROTECTION AND SAVE ALL INSTRUCTIONS.

- *This power supply must be installed according to the National Electrical Code and local building codes.
- *To avoid a hazard to children, account for all parts and destroy all packing materials.
- *If you are unsure about the installation or use of this power supply, consult a qualified electrician.
- ***Caution:** The lamp should never be carried by the horizontal or vertical arm alone.
- *Do not use in wet location.
- * To reduce the risk of fire and electrical shock, use only elio™ power supply provided.
- *Use wire management to ensure that any excess cords are tucked away and will not pose a tripping hazard.

LOW VOLTAGE CAUTIONS
APPLICATIONS

Low voltage electronic power supplies should not be installed in areas with excessive heat around the power supply. Consult a qualified lighting designer if uncertain of the sustainability for a given application.

SERVICE

There are no user-serviceable parts inside. Opening unit will void warranty. Contact elio customer support for service parts at 888-871-8860.

General Notes

*To clean your light, use a soft, dry cloth.

Maía Light Installation Instructions

1. To power the light:

Attach power cord on lamp to power supply connector. Plug power supply into wall.

2. Operating lamp:

Gently pressing the button on the underside lamp head once provides high brightness, twice provides low brightness, and a third time turns lamp off.

3. To raise and lower the lamp head:

The horizontal arm pivots up 65° and down 15°.

4. Rotating the lamp head:

Using the horizontal arm, rotate the light a maximum of 90°.

5. Adjusting lamp arm:

The vertical arm adjusts backwards 15° or forwards 45°.

6. Contact ITC customer service at 888-871-8860 with questions regarding the installation of this product.
